Hi, Jeremy,

I appreciate your thoughts. Thanks for getting back to me. I realize this is an intense time for everyone. I am also sharing a link someone just sent me about an article in INDY week. It is essentially the same information that I sent you.

Everyone:

The other day I provided a draft report with research and evidence to support a request for further hearings from DEQ and a delay to issue any decision about the ACP. I have attached the **FINAL REPORT by energy consultant, Nancy La Placa, for your review**. We are asking and urging that Governor Cooper require DEQ to schedule these hearings which we believe will provide the governor sufficient additional evidence to reject the Atlantic Coast Pipeline in NC.

Thank you.

Kind regards,

Kay
